WETLAND INFORMATION IS SUBJECT TO CHANGE
This map is for planning purposes only. Mapped wetland boundaries were not flagged or surveyed, but are accurate to within 25 feet. There may be unmapped wetlands subject to regulation. In all cases, actual field conditions determine wetland boundaries. You are advised to contact the Oregon Division of State Lands or the U.S. Army Corps of Engineers with any regulatory questions. This study was funded by the City of Veneta and a Technical Assisitance Grant from the Environmental Protection Agency (EPA).
